NOTE FOR: Legislative Counsel

25X1

The attached is a study I did at the request of [redacted] the Office of Security which I gathered you funnelled through him. While I have no problems in responding to the request, I hope what the attached contains is what was asked for and that nothing has been lost by going through that channel.

25X1

Please let me know if this is what [redacted] is looking for and if not I think we ought to talk about it directly.
